Report No. J/20240514/7061

Incident linked to E/20240410/7010, A/20240217/7033 and E/20230705/7067.

And Mr Cyrus Ang, who was motivated by Prime Minister Lee Hsien Loong's National Day Rally in August, is confident such efforts will create greater awareness about graciousness, which he described as "low" in Singapore.

I've been targeted by Al-Qaeda's covert satellite (AI-powered) psychotronic weapons since 2009 because I supported Lee Hsien Loong (representing the Malay sultans backed by India alongside Ming expansionism with a tianzi attitude and without conscience) and the National Day Rally (targeting is directed at the sovereignty of the Republic of Singapore as an independent nation).

I refer to <https://www.theguardian.com/world/video/2016/aug/22/singapores-pm-collapses-during-national-day-rally-speech-video> (see below)

Singapore prime minister Lee Hsien Loong pauses before collapsing off-camera during a televised National Day Rally speech live to the nation. The audience sits in shock but break into applause as Lee is led off the stage.

The existence of covert satellite (AI-powered) psychotronic weapons is proven beyond reasonable doubt in "Space Preservation Act of 2001 (<https://www.congress.gov/bill/107th-congress/house-bill/2977/text>)" as Congress doesn't include falsehoods such as "mind control of such persons or populations" and the human brain is sensitive and reactive to electromagnetic waves. The P5 (https://en.wikipedia.org/wiki/Permanent_members_of_the_United_Nations_Security_Council) and G4 (https://en.wikipedia.org/wiki/G4_nations) are known to possess covert satellite (AI-powered) psychotronic weapons but Singapore isn't hostile to either P5 or G4, hence Al-Qaeda is the prime suspect in "Satellite Psychotronic Terrorism" involving Singaporeans.

China's covert satellite (AI-powered) psychotronic weapons are very active in Singapore, Malaysia, Indonesia, Thailand and the Philippines because their richest persons are all Chinese persons bearing Chinese names - such a scenario is impossible without China's "mind control of such persons or populations" as Chinese persons are an ethnic minority in Malaysia, Indonesia, Thailand and the Philippines. It's an impossible situation that the ethnic majority in Malaysia, Indonesia, Thailand and the

Philippines prefer ethnic minority Chinese persons to control many of their large conglomerates and much of their wealth. My findings on covert satellite (AI-powered) psychotronic weapons show that China uses these weapons to keep the richest persons permanently rich for generations like caste.

India's covert satellite (AI-powered) psychotronic weapons are also very active in ASEAN because "All the Malay sultans are descended from Indian Muslims" and India doesn't want to lose its Malaysian colony. India's colonization of Malaysia is based on "collaborative colonialism (Arab-Bharat-China crypto-colonization of the Malay world and ASEAN)" but operating as unobtrusively as possible. What China and India can do is to type out a command "Trap the indigenous Malays in a permanent underclass" and the AI-powered psychotronic satellites will do what is required to achieve the desired results. The AI-powered psychotronic satellites will keep doing the same thing until the command is changed or removed. The user interface (UI) of covert satellite (AI-powered) psychotronic weapons is similar to ChatGPT. It's estimated that 1 satellite can control up to 50 persons, depending on the command.

I've created a website (<https://covert-satellite-psychotronic-weapons.truthwillout.website/>) to inform and educate the public about covert satellite (AI-powered) psychotronic weapons. If a lot of people become aware of these weapons, Al-Qaeda's and other evil mind controllers will have to change their game plan. Singaporeans also won't be permanently enslaved by Malaysia through covert and deceptive means.
